# AHALAN ARABIC

## WANT TO LEARN MORE ABOUT ARABIC THAN “HABIBI” AND “MERHABA”?

TINAU's beginner's Arabic course will allow you to build a solid understanding of the Arabic language, practice-relevant vocabulary for daily life interactions and gain deeper knowledge of Palestinian society, culture and politics along the way.

This course is conversational, so you won't be studying Arabic reading and writing (the course is not long enough to incorporate that!). Instead, we'll use Arabisi, the English transliteration of Arabic that works with numbers for certain sounds that don't exist in the English alphabet. And as for speaking: you'll learn the Palestinian dialect (Amia) meaning you'll be ready to go ahead and engage with your surroundings in Arabic! Our classes are based on the principle of immersion, meaning we'll stick to Arabic in class as much as possible- but if we need to explain in a different language, our go-to-language is English to accommodate the diversity of backgrounds among our students.

Come and have an open dialogue with your peers in Arabic, and try to find a new heartfelt understanding of Palestinian society.

# MAR7ABA AND SALAM

## CURIOUS ABOUT WHAT'S GOING ON IN PALESTINE?

This course will pave the road to understanding a community made up of many different traditions, beliefs, and opinions. From the traditional 'Dabkah' dance to the vibrant music scene, and from traditional cuisines to contemporary politics, our course takes you beyond the surface level attention Palestine usually gets. We will learn Arabic while shuffling our way through the Palestinian media, politics, and try to establish a balanced intellectual inquiry. Come and have an open dialogue with your peers in Arabic, and try to find a new heartfelt understanding of Palestinian society.

This is a conversational course that works with English transliteration instead of the Arabic alphabet- you will study spoken Arabic in the Palestinian dialect (Amia). Our classes are based on the principle of immersion, meaning we'll stick to Arabic in class as much as possible- but if we need to explain in a different language, our go-to-language is English to accommodate the diversity of backgrounds among our students.

# HOW WE TEACH

The goal of our classes is to equip you with the tools to handle everyday life in Hebrew or Arabic. This also includes leaving the classroom sometimes to go to the Shuk together or tour through Tel Aviv- Yafo.

Thanks to a variety of activities (games, singing, movement, or cooking), our classes are extra interactive and engaging, designed to encourage our students to start speaking from the first class onwards. This way, we build your confidence in the classroom to engage with your surroundings in Hebrew or Arabic.

# FANCY LEARNING HEBREW?

We also offer a wide variety of Hebrew courses with a lot of interesting topics. Check them out and have fun learning languages.
